

Circle of Excellence

OCI's Circle of Excellence Program rewards our top-level producers. Agencies and their agents who reach one of the three commission levels below will enjoy premium rewards throughout the year, including access to exclusive events, hours of graphic design time, and more.

Three levels of success.

Achievement for the 2022 Circle of Excellence is based on commissions paid 1/1/22 through 12/31/22 from OCI to the agency across all carriers represented by OCI. The agency must also be a member of a professional association to qualify.

Check your agency's current qualification status in your OCI online account by logging into AGB and selecting "Reports" on the left menu. The OCI team will inform qualifiers of their achievement in January.

Agencies will receive premium awards for the calendar year following the production achievement.
